Sounds good. I'll send you a calendar invitation. Do you just want to chat with me about the variance and criteria stuff? Or do you want me to invite my TMDL folks? Just let me what you prefer.

Hi Guy,

Thanks very much for the update. I'm pretty open this Wednesday or Thursday afternoon (2 ish) if you want to talk about the rule package. I'm also open much of the week of April 7th (except for Tuesday).

Just let me know what works best for you. Look forward to talking.

Tina

Hi Tina -

As per our conversations earlier this week I have withdrawn my FOIA of discussions and documents pertaining to R8-DEQ discussions and conclusions relating to the pending numeric nutrient rule package. I have not yet discussed with my Board the potential for withdrawing the Lower Gallatin TMDLs FOIA but will next week, although I've got a green light - and feel confident - that we can start an open discussion about the rule pkg now.

I'd like to set up a time to chat with you about certain outstanding questions on the rule pkg sometime in the near future. I'm pretty open next Weds and Thurs (2nd and 3rd); alternatively, the week after is likewise fairly open.

Cheers - GA
